

KOHLER OF KOHLER  
Plumbing  
*for the*  
*Home*

**A**MONG the appointments of the home there is nothing more deserving of careful selection than the plumbing fixtures, whether for bathroom, kitchen, or laundry.

The comfort and health of the family, their pride in their home, and their ability to entertain friends with a gracious hospitality, are all at stake.

This booklet is intended to afford some suggestions toward a happy solution of the problem. The following pages illustrate just a few of the notably fine plumbing fixtures manufactured by KOHLER of KOHLER.

KOHLER Ware is preferred among discriminating people. It is famous for a pure and uniform whiteness. The KOHLER enamel is exceptionally hard and impervious

and has an enduring luster which is not only pleasing but is easy to keep clean.

KOHLER fixtures are made in a variety of attractive and practical designs. Additional information on fixtures other than those illustrated in this booklet will be gladly furnished on request. Or better still, arrange to see a display of KOHLER Ware. It is carried by the better plumbing shops everywhere.

KOHLER Ware is readily identified by the name "KOHLER" inconspicuously but permanently fused in dainty blue letters in the enamel of every fixture.

Despite their outstanding quality, KOHLER fixtures cost no more than any acceptable ware.

#### THE MARK OF KOHLER QUALITY

THE NAME KOHLER, IN DAINTY BLUE LETTERS, IS INCONSPICUOUSLY FUSED INTO THE ENAMEL OF EVERY KOHLER FIXTURE

## KOHLER OF KOHLER

Kohler Co., Founded 1873, Kohler, Wis.

Shipping Point, Sheboygan, Wis.

Branches in Principal Cities

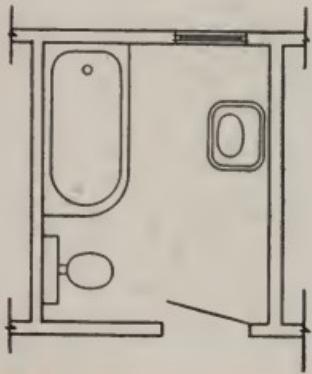

## The "Viceroy"

THE KOHLER "Viceroy", the world's foremost built-in bath, is constructed in one piece, with all exposed surfaces clothed in smooth white KOHLER enamel. It is securely set into the walls and floor of your bathroom, so no water or dirt can get under or behind it. As it is but  $17\frac{1}{2}$  inches high, it is easy to step in and out.

BATH SIZES:  $4\frac{1}{2}$ , 5,  $5\frac{1}{2}$  and 6 feet

PLATE NUMBER F-12-RA. *Illustrated with over rim supply fixture with secret waste.*

BATHROOM,  $6\frac{1}{2}\times 8$  FEET  
WITH RIGHT CORNER  
VICEROY BATH, PEDES-  
TAL LAVATORY AND  
CLOSET COMBINATION

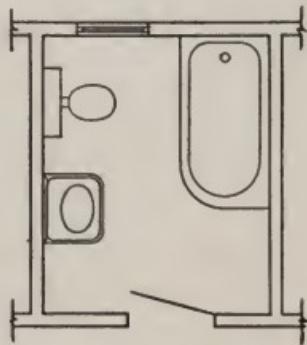

### The "Viceroy"

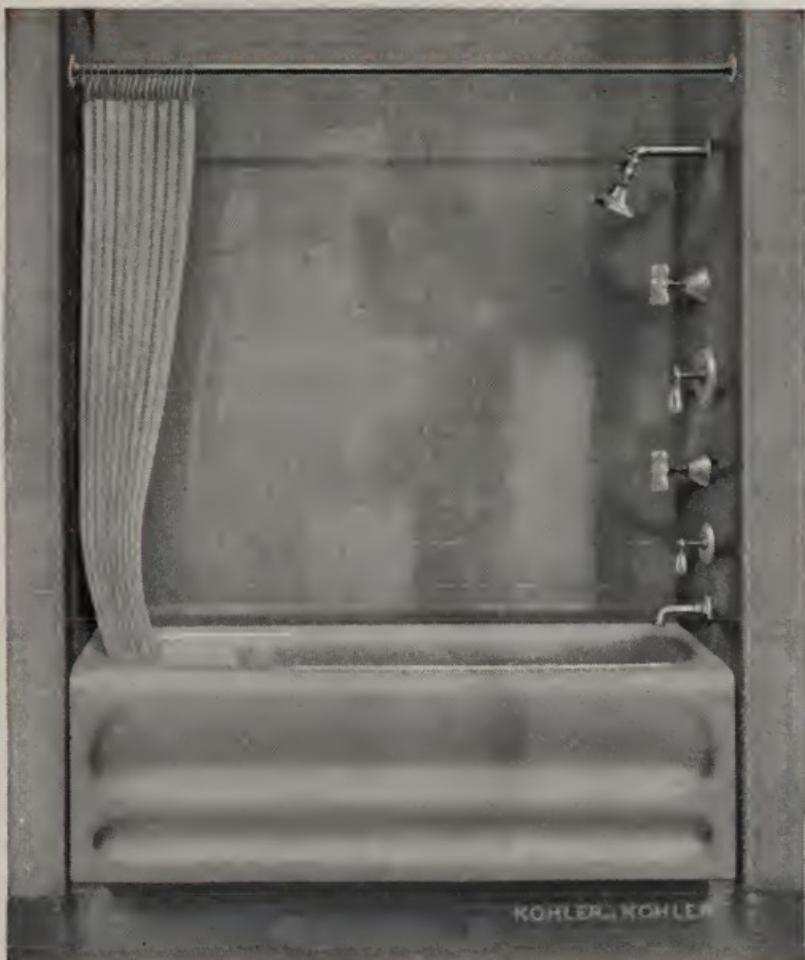

THE "Viceroy" is made in patterns for either right or left corner, wall, or recess installation and can be installed with fittings of any type, from the simple bath faucet arrangement to elaborate shower fixtures. The graceful curve of the corner patterns is pleasing, particularly in the larger bathroom.

BATH SIZES:  $4\frac{1}{2}$ , 5,  $5\frac{1}{2}$  and 6 feet

PLATE NUMBER F-14-A. *Illustrated with top supply fixture with secret waste.*

BATHROOM,  $6\frac{1}{2} \times 8$  FEET  
WITH LEFT CORNER  
VICEROY BATH, WALL  
HUNG LAVATORY AND  
CLOSET COMBINATION

## The "Viceroy"

**S**NUGLY built into the wall on three sides—occupying a minimum of floor space—the recess "Viceroy" is ideal for a compact and practical bathroom, and makes a particularly good installation where a shower over the bathtub is desired.

BATH SIZES:  $4\frac{1}{2}$ , 5,  $5\frac{1}{2}$  and 6 feet

PLATE NUMBER F-16-RJ. *Illustrated with combination over rim supply fixture and shower with mixer.*

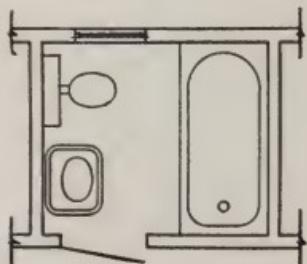

### The "Viceroy"

OF ALL baths the recess pattern built-in tub is the practical choice for bathrooms of modest size where all available space must be utilized without sacrificing comfort. Placed across one end of the bathroom or in an alcove, this pattern requires a minimum of floor area and yet provides ample bathing space.

BATH SIZES:  $4\frac{1}{2}$ , 5,  $5\frac{1}{2}$  and 6 feet

PLATE NUMBER F-16-SA. *Illustrated with over rim supply fixture and connected waste and overflow.*

BATHROOM,  $6\frac{1}{2} \times 5\frac{1}{2}$  FEET  
WITH RECESS VICEROY  
BATH, PEDESTAL LAVA-  
TORY AND CLOSET COM-  
BINATION

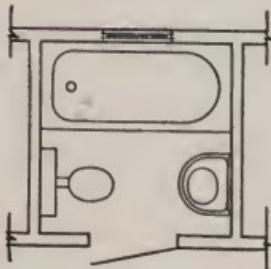

## The "Cardinal"

**S**IMPLE and pleasing in design, and moderate in price because of economy in manufacture, the "Cardinal" Recess Tub meets the popular demand for a built-in bath for the small home. The "Cardinal" can be furnished for corner or wall installation as well as for recess.

BATH SIZES:  $4\frac{1}{2}$ , 5 and  $5\frac{1}{2}$  feet

PLATE NUMBER F-27-RA. *Illustrated with compression over rim supply fixture with secret waste.*

BATHROOM,  $5\frac{1}{2} \times 5\frac{1}{2}$  FEET  
WITH RECESS CARDINAL  
BATH, NARROW WALL  
HUNG LAVATORY AND  
CLOSET COMBINATION

### The "Colonna"

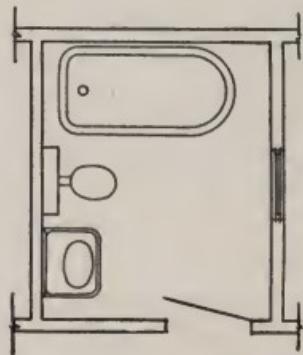

THE "Colonna" embodies the same high quality of materials and workmanship found in all KOHLER Ware. It is a practical, serviceable and popular fixture, which in every way meets the demands of the average home. On account of large volume production, the "Colonna" is attractively priced.

BATH SIZES: 4, 4½, 5, 5½ and 6 feet

PLATE NUMBER F-64-TL. *Illustrated with compression bath faucets with offset supplies and connected waste and overflow.*

BATHROOM, 6½x8 FEET

WITH COLONNA BATH,  
WALL HUNG LAVATORY  
AND CLOSET COMBINA-  
TION

### The "Belmore"

BUILDING attractive as well as practical features into bathrooms has created an increased demand for pedestal lavatories. The spacious and roomy basin of the "Belmore" makes it a particularly dignified and practical fixture for the larger bathroom.

SIZES: 20 x 28 and 24 x 34 inches

PLATE NUMBER F-145-PA. *Illustrated with a combination supply and lift waste fixture enabling washing in a running water.*

### The "Columbia"

THE "Columbia" is the recognized leader among pedestal lavatories. Its simple, dignified design expresses good taste and refinement, while its practical and substantial qualities make it an ideal home fixture. Constant volume production classes the "Columbia" as a moderately priced pedestal lavatory.

SIZES: 20 x 24 and 22 x 27 inches

PLATE NUMBER F-205-VA. Illustrated with individual compression faucets and rubber stopper.

### The "Emmet"

THE sensible and serviceable design of the "Emmet", combined with its good lines and clean, broad surfaces of white enamel, makes it a favorite home fixture. It is moderate in price, satisfying in appearance, and economical to install.

SIZES: 18 x 24, 20 x 24, 22 x 27 inches

PLATE NUMBER F-332-A. *Illustrated with individual compression faucets and rubber stopper.*

### The "Bretton"

ECONOMY of space and of cost, combined with the utmost practical utility, has made the "Bretton" the most popular of lavatories. Like all KOHLER Ware, it is made exclusively of the best materials and embodies the highest type of workmanship.

SIZES: 18 x 21 and 19 x 24 inches

PLATE NUMBER F-580-A. *Illustrated with individual compression faucets and rubber stopper.*

THE finest sink in the world is nothing in Johnny's life. But ask his mother what she thinks of her sink of KOHLER Ware, with its accommodating twin drainboards, its smooth expanse of immaculate enamel, its height suited to her height! Indeed, it is exceptional ware, that which bears the name "KOHLER" unobtrusively fused into the enamel.

## Kohler Kitchen Sink

EVERY KOHLER sink, whether with single or twin drainboards, is made in one piece, eliminating all corners and cracks where dirt and grease might collect. The twin drainboard style is a spacious fixture whose broad white surfaces provide not only an unusual dignity and beauty of appearance, but a satisfactorily ample working space.

The two roomy drainboards save many steps at dish washing time as they accommodate a great deal of china.

F-1003

F-1004

SIZES: 20 x 30, 22 x 30, 22 x 26 inches  
LENGTH: 74½, 74½, 60½ inches

PLATE NUMBER F-1003-XA. *Illustrated with a combination fixture with soap dish and swing spout supplying both hot and cold water.*

## Kohler Kitchen Sink

IMMACULately white, with single deep sloping drainboard and broad apron, this fixture possesses an unusual beauty and durability.

All KOHLER sinks can be set either with legs or without and are adjustable to the exact height that is most comfortable and convenient for the housewife's use.

Sink with right drainboard can also be furnished.

F-1005

SIZES: 20 x 48, 20 x 30, 22 x 30, 20 x 24 inches  
LENGTH: 48, 52½, 52½, 42½ inches

F-1008

PLATE NUMBER F-1005-XA. Illustrated with  
*a combination fixture with soap dish and  
swing spout supplying both hot and cold water.*

## Kohler Kitchen Sink

**I**N kitchens where economy of space is of utmost importance, the one-piece corner sink is very popular. It can be furnished for right or left corner, in either apron or roll rim patterns, or with drainboard in corner and sink at exposed end. The KOHLER line of drainboard sinks includes sizes from the small 42 inch long kitchenette sink to the 52½ inch long fixture illustrated.

F-1013

F-1016

SIZES: 20 x 30, 22 x 30, 20 x 24 inches  
LENGTH: 52¼, 52¼, 42¼ inches

PLATE NUMBER F-1013-XA. *Illustrated with individual compression sink faucets.*

## Kohler Kitchen Sink

AT a moderate price, this sixty-inch-long one-piece sink meets the demand for a double drainboard fixture for the small kitchen. Installed without legs, the floor beneath this sink is unobstructed, permitting convenient and rapid cleaning of the room. For added support where necessary, KOHLER special concealed sink brackets can be used.

These brackets are attached to the wall back of the sink and are out of sight when the fixture is in position. They can be used on any KOHLER sink.

SIZE: 20 x 26 inches  
LENGTH: 60 inches

PLATE NUMBER F-1024-XA. Illustrated with a combination fixture with soap dish and swing spout supplying both hot and cold water.

## Kohler Kitchen Sink

ALL the essential features of a KOHLER sink—one-piece construction, adjustable height, deep sloping drainboard, pure white, durable enamel—are incorporated in this moderate priced roll rim fixture. A variety of sizes make it practical for the modest as well as the roomy kitchen. Every pattern of KOHLER sink can be furnished with either right or left drainboard.

The drilling through the back of KOHLER sinks is uniform and will accommodate any style of faucet or combination fixture.

F-1028

SIZES, 20 x 26, 20 x 28, 20 x 30, 20 x 48, 22 x 30, 20 x 24 inches  
LENGTH, 42, 49, 52, 48, 52, 42 inches

F-1030

PLATE NUMBER F-1028-XA. *Illustrated with individual compression sink faucets.*

## Kohler Kitchen Sink

ECONOMICAL of space and cost, yet practical in every respect, this simple roll rim sink is a very popular fixture. It is illustrated with the interchangeable enameled drainboard very frequently installed with this style of sink.

The 18x30, 20x24 and 20x30 inch sizes can be furnished with 6 inch apron, concealing the sink body, as on sinks illustrated on pages 15 to 17.

### SIZES

16 x 24, 18 x 30, 20 x 30, 22 x 30 inches  
18 x 18, 20 x 20, 20 x 36, 22 x 36 inches  
18 x 24, 20 x 24, 20 x 40, 22 x 42 inches

PLATE NUMBER F-1032-DA. Illustrated with individual compression sink faucets.

## Double Compartment Laundry Tray

**T**HIS attractive two-compartment stationary laundry tray, cast in one piece, is a practical labor saver. The KOHLER line includes single trays, with and without back, for installation singly or in batteries of two or more. The smooth, spotless white surfaces of enameled trays are just naturally suited for washing dainty garments.

As is true with kitchen sinks, laundry trays should be set at the most convenient working height. The legs furnished with this combination permit adjustment from 33 to 37 inches from floor.

LENGTH: 52 $\frac{3}{4}$  inches

PLATE NUMBER F-1248-A. *Illustrated with individual faucets and soap dishes, and detachable wringer holder.*

## Combination Sink and Laundry Tray

IN small homes and apartments the kitchen must occasionally also serve as a laundry. For such installations this laundry tray and sink combination is ideal. The sink is of ample size and the laundry tray large enough for an average family washing. The removable cover serves as a drainboard over either the tray or sink.

LENGTH: 50½ inches

PLATE NUMBER F-1251-KA. Illustrated with a combination fixture with soap dish, and swing spout supplying both the sink and laundry tray.

### Closet Combination

THE smooth white closet tanks used in all KOHLER closet combinations assure a pleasing harmony of color in bathrooms equipped with KOHLER baths and lavatories.

KOHLER Ware is universally known for its uniformly clear white enamel.

PLATE NUMBER F-1359. *A closet combination with enameled tank, vitreous china siphon jet bowl and white seat.*
